## WORK EXPERIENCE

FULLSTACK DEVELOPER INTERN at (IIDT BLACKBUCKS) MAY2024-JUL2024

- During my **Full-Stack Development Internship**, The focus was primarily on enhancing my skills and working on projects involving both frontend and backend development.
- Implemented RESTful services to enable seamless communication between the frontend and backend.

## PROJECTS

- Online shopping websiteE-HOME
- I created **E-HOME**, a shopping website, using both frontend and backend technologies. The website features a user-friendly interface designed with **HTML** and **CSS**.
  - I also implemented **RESTful APIs** to enable smooth communication between the frontend and backend, providing a seamless shopping experience.

- Online Exam portal
- I developed an **Online Exam Portal** using full-stack technologies. The portal is designed to conduct exams efficiently and provide results instantly. It includes features such as user registration, login, question management, and a timer for the exam. After completing the exam, users can view their results immediately, ensuring a seamless and user-friendly experience.

- Personal Portfolio Website
- I created a **Personal Portfolio Website** to showcase my skills, projects, and achievements. The website is developed using **Python** for both the frontend and backend, providing a dynamic and interactive experience.
  - It highlights my technical abilities and includes sections like an about me, projects showcase, and contact information.

## EDUCATION

- 2022-2025 B.Tech(Information Technology)**Dhanekula Institute Of Engineering and Technology,AP(CGPA:7.47)**
- 2019-2022 Diploma(Electrical and Electronics Engineering) **Dhanekula Institute Of Engineering and Technology,AP(Percentage: 78%)**
